COMMENTS ON STATEMENT OF REASONS FOR ALLOWANCE

REMARKS

Applicants are submitting herewith the following in response to the Examiner's statement of purported reasons for allowance as provided with the Notice of Allowability issued on September 20, 2004. To the extent that the Examiner's statement of reasons for allowance states, implies or is construed to mean that the claims are allowable over the cited art because the Examiner believes the claims should be interpreted to include one or more features or limitations not recited therein, Applicants respectfully disagree with such an interpretation. Further, Applicants respectfully submit that there is no particular limitation in the allowed claims that is more critical than any other. Moreover, the issuance of the Examiner's statement of reasons for allowance should not be construed as a surrender and/or disclaimer by Applicants of any claimed subject matter in view of same. Indeed, it is the intent of Applicants, through their attorney, to construe the allowed claimed subject matter so as to cover the invention as embodied in the present application and all equivalents thereof to which the claimed invention is entitled.

Respectfully submitted,
